The Chief Executive Officer  
Bible Society of Australia

Dear Sir,

**Re: Letter of Appreciation**

Since February 2007, we have had the Healing and Reconciliation through Improved Literacy Program in 11 schools in our district. The program has had great impact on the teachers and the children in the selected schools. This is evidenced by a peaceful relationship in the schools and a culture of forgiveness that has been on going in the lives of the teachers and the children. The children's reading, writing and comprehension skills have also improved through the program activities.

This is a great program and we wish that it could be carried out in all the schools in our country. Changing the mindset of the teachers who are with the children on a day to day basis grooming them for what they will become in the future, is changing the nation, since the children will grow up with the right attitude and pass it over to the next generations.

We appreciate the great support from the Bible Society of Australia, as it is contributing to increased knowledge and lasting peace in our country. Long live Australians.

Long live our partnership.

With deep appreciation

Mayor of Kicukiro District

**NTIDENDEREZA William**
